JMcN commented that SNDC has advised that the next round of consultation for the VCHAP is now expected to be August/September. The anonymous poster relating to site SN0433 (Wheel Road) being displayed in the village, containing several inaccuracies, has been shared with SNDC. Their response is attached to the minutes

10. Highways – speed camera, parking, roadworks etc

KMB arrived at 20:02

KMB will chase Gary Overland over the installation of signage on the bend in the village. KMB will also get some dates from Gary to meet with representatives from Bergh Apton and Alpington with Yelverton Parish Council to discuss the poor visibility on Mill Road crossroads, hindered by a wide hedge, and gateway signs into the village.

KMB will speak to Gary for a start date for the pond footpath works. KMB advised that the extension of the 50 mph speed limit on the A146, a planning condition of the Green Pastures Restaurant, is with the Enforcement Officer. KMB will enquire whether there is a discount available for the purchase of lithium batteries for the SAM camera if purchased through NCC.

KMB left the meeting at 20:30

11. Platinum Jubilee 2022

SS summarised the plans for the 4 days. Program leaflets are ready to be delivered in Alpington and Yelverton. The celebrations start with a royal themed quiz on the evening of Thursday 2nd June at the Wheel of Fortune and continues through Friday to Sunday with events including a cheese and wine tasting (tickets now on sale), a 1950's traditional fete, young people's games on the Garrick Field, live music at the Wheel of Fortune, Church service and flower festival, picnic and cutting and sharing of a celebratory cake.

Reports

Tree Warden

LT circulated her report ahead of the meeting which advised that the pruning work to the Veteran Oak is scheduled for 7th June. LT has requested a quote for bags of specialist mulch that a small working party will spread under the tree to reduce the cost.

ALPINGTON WITH YELVERTON PARISH COUNCIL
Minutes of the Meeting
held on Monday 9TH May at 7.30pm at Alpington Village Hall

Village Hall Committee

SS attended the AGM where the committee formally thanked the Parish Council for the CBF grant towards the carpark resurfacing. LMcN will send the secretary a CBF application form to enable them to request funding for replacement defibrillator parts. JMcN will provide contact details to enable the VH to contact the football club regarding parking issues when match days coincide with events at the VH. SS advised that the VH will be increasing its hiring charges by 50p an hour, this is expected to be from September '22.

Village School

The school is liaising with LT/SS around the Platinum Jubilee celebrations. The school choir will be performing on the Saturday and the timetable of events will be going out in schoolbook bags. DW will be speaking to the school before the summer holidays regarding any CBF application.

Play Area Monthly Inspection

The play area is well used and in good condition. There is space for another piece of equipment and DW will check the previously surveyed wish list to see what could be installed. Bergh Apton has installed some fitness equipment at their village hall recreation ground, LMcN will contact BA Parish Clerk for some background information on their decision-making and procurement. JMcN believes that the basketball net will be more useful if it has a hardstanding surface area under, JMcN to seek quotations for the work. A replacement net is also needed. New signage is required for the play area, DW will draft this for approval.

Garrick Field Monthly Inspection

JMcN has had a request from Stoke U13's football club to use the field twice on a Wednesday evening. The Parish Council agreed that subject to it being available and signed off by Yelverton FC this was acceptable.

Village Pond Monthly Inspection

SS report has been circulated to Councillors. In summary the Egyptian geese are still present but not the goslings. The grass and surrounding area including the pond railings are being maintained by a parishioner who may also undertake the repairs to the memorial bench.

Parish Projects

Pond

Once the work to create a 5m length of footpath (pedestrian refuge) is completed by NCC Highways further enhancements to the pond frontage can be scoped out.

Other initiatives

The Parish Council will consider whether to progress an idea to have an Alpington village sign at the next round of CBF. LMcN advised that a small working party will clean the bus shelter having spoken to Mr Brown who is happy to provide water and power.

Meeting closed at 20:52

Signed: JR McNulty
